Total Solution of Audio, Video and Communication

Since 1983, Inter-M has been dedicated to the development, manufacturing and distribution of premier industrial sound systems, and established the total solution of quality commercial sound, professional audio, communication and video products for more than 37 years. We are also developing unique transmission products which can produce a high quality Commercial Audio/Professional Audio sound and HD quality video signal with different locations through optical cable or TCP/IP without any limitation.
Commercial Audio System

Provides with the best sound quality for public announcement and mass notification applications.

Transmission System

HD Video Products

Full HD Video System

Include a HD video mixer, receiver, and transmitter of the HD video streamer.
Inter-M has been a leader of Korean **PA business** and moves forward to the next stage by endless efforts.

Inter-M has been the frontrunner in Korean **PA business**

In 1980’s Korean PA market depended on mostly imported brands and inter-M led the Korean PA market by improving our own brand. In consequence, inter-M turns to the world wide brand with integrated solutions of communication systems.

Finding new market by network and **AV systems**

Inter-M sets up a new strategy to expand business by network and A/V systems. Challenge and improvement are necessary and Inter-M will deal with those with passion.
Enriched sound by Inter-M Professional

Proud Korean brand of Inter-M Professional

Inter-M is the primary manufacture in Korean PA business and produces quality products with high technology and know-how of 37 years. Also, Inter-M Professional brand is made by advanced technology and globally compete with international brands.

Developing finest Digital Mixer

Inter-M Professional brand prepares 16CH digital mixer. The digital mixer provides Dante™ in/output and high quality EQ enriches sounds.
**PA System**
Inter-M, Korean business leader in PA, completes dispersal digital network system. Also, Inter-M develops high power Class-D amplifier with low power consumption and AV systems based on AVB standard.
- Full Network Digital PA system
- Network Connecting System for long distance
- High impedance speaker for quality BGM
- High power Class-D amplifier with low power consumption

**Professional Audio System**
Inter-M launches world class professional audio system. Line-array, point source and powered speaks are produced in the well-managed facilities of Inter-M. The facilities are run under close quality control.
- High power line array speaker system
- High quality loud and stage monitor speakers
- High power network amplifier

**HD AV System**
Inter-M develops long distance transmitting and receiving systems that deliver high quality audio and video data. Inter-M launches Full HD A/V mixer, AV strimmer and decoder and HDMI switcher
- HD A/V mixer (Live switcher)
- TCP/IP A/V transmitting system
- HDMI matrix switcher

**Railroad Project**
Inter-M presents a Varity of PA systems, CCTV and passenger information display for international railroad projects.
- CCTV system in Denver railroad
- PA, CCTV and passenger info display in Turkey Tuvassas
- CCTV system in India Bangalore
- Korean subway PA systems
- Railroad CCTV systems in New Zealand
Inter-m established R&D department (2,062m²) in 1996 employing more than 73 engineers and researchers working for developments of total integrated A/V system which combine high quality audio with the transmission and control of HD video. Currently inter-M obtains 42 patent, 2 utility model patent and 36 design patent and adopts a PLM (Product Lifecycle Management) system which is appropriate to international standard for developing under systematic environment.
